INDEX TO VOL. XXI (B)

AUTHORS' INDEX

Abraham, A. .. *See* Kumar and others.

Bhargava, K. S. .. Physiological studies on some members of the family saprolegniaceæ, Part II, 344.

Bhimachar, B. S. .. A study of the correlation between the habits and the development of the acoustic centre in the brains of certain air-breathing fishes of India, 311.

Observations on the correlation between the surface living habit and the structure of the brain of the freshwater grey-mullet, *Mugil corsula* Hamilton, 319.

Chauhan, B. S. .. Trematodes from Indian marine fishes, I, IV, 129, 160.

Deoras, P.J. .. Gall formation in paddy, 38.

Gates, G. E. .. On some Indian earthworms, 208.

Gokhale, S. K., and Singh, Inderjit — The effect of ammonium on the potassium content of unstriated muscle and its relation to the contraction produced on withdrawal of chemical substances from around the muscle, 202.

Kausik, S. B., and Subramanyam, K. .. An embryological study of *Isotoma longiflora* Presl., 269.

Kaw, B. L. .. On the present status of the genus *loxogenes*, 342.

Kumar, L. S. S. .. A comparative study of autotetroploid and diploid types in *Mung* (*Phaseolus radiatus*) Linn., 266.

Kumar, L. S. S., Abraham, A., and Srinivasan, V. K. — Preliminary note on autotetraploidy in *Cajanus indicus* Spreng, 301.

Mudaliar, S. V. .. Studies on a variant of *trypanosoma evansi* in a buffalo, 101.

Nirula, R. L. .. Embryological and cytological studies in the family Asclepiadaceæ, II, IV, 174, 181.

Nirula, R. L., and Richharia, R. H. .. Embryological and cytological studies in the family Asclepiadaceæ, III, 178.

Noronha, A. J. .. An unusual case of a granulomatous polyposis of the lower ileum, 307.

Prabhu, S. S. .. A rare mutant in drosophila, 279.

Rahimullah (Quraishi), M. — A comparative study of the morphology, histology and probable functions in the pyloric cæca in Indian fishes, together with a discussion on their homology.

Ramakrishnan, T. S. .. *See* Thomas and others.

Rao, B. K. Ramakrishna Some aspects of spontaneous subarachnoid hæmorrhage, 106.

Rathnavathy, (Miss) C. K. Spermatogenesis of *Laccotrephes griseus*, Guer, 41.

Ray, H. N., and Sapre, S. N. On a new flagellate, *Pentatrichomonas alleni*, N. Sp., from the intestine of the Himalayan crow, *Corvus levaillenti intermedius* Adams, 186.

Richharia, R. H. .. *See* Nirula and Richharia.

Sapre, S. N. .. *See* Ray and Sapre.

Sehra, K. B. .. *See* Singh and others.

Singh, Inderjit .. *See* Gokhale and Singh.

Singh, Inderjit, Sehra, K. B., and (Mrs.) Singh, Sunita Inderjit Reversal of the effect of acetylcholine on the frog heart with normal vagus action ; tetanisation of the frog heart ; graded responses in the frog heart ; the effect of electrolyte-free medium, 259.

Singh (Mrs.) .. *See* Singh and others.

Srinivasan, K. V. .. *See* Thomas and others.

Srinivasan, V. K. .. *See* Kumar and others.

Subramanyam, K. .. *See* Kausik and Subramanyam.

Sukhatme, P. V. .. An interim report on the crop-cutting survey for estimating the out-turn of wheat in the Punjab (1943–44), 328.

Thomas, K. M., Ramakrishnan, T. S., and Srinivasan, K. V. .. The natural occurrence of ergot in South India, 93.

Trehan, K. N. .. Some observations on the soil fauna of cotton fields at Lyallpur, 191.

Venkatasubban, K. R. .. Cytological studies in bignoniaceæ, IV, 77.

Zargar, S. L. .. On two new hæmoproteids of Indian birds, 124.

TITLE INDEX

Asclepiadaceæ, family, embryological and cytological studies, II, IV (Nirula), 174, 181 ; III (Nirula and Richharia), 178.

Bignoniaceæ, cytological studies, IV (Venkatasubban), 77.

Cajanus indicus Spreng, preliminary note on autotetraploidy (Kumar and others), 301.

Cotton fields at Lyallpur, soil fauna, some observations (Trehan), 191.

Crop-cutting survey for estimating the out-turn of wheat in the Punjab, an interim report (1943–44) (Sukhatme), 328.

Drosophila, a rare mutant in (Prabhu), 279.

Earthworms, Indian, some (Gates), 208.

Ergot, the natural occurrence, in South India (Thomas and others), 93.

Fishes, air-breathing, certain, of India, a study of the correlation between the habits and the development of the acoustic centre in the brains of (Bhimachar), 311.

Fishes, Indian marine, trematodes from, I, IV (Chauhan), 129, 160.

Fishes, Indian, pyloric cæca, morphology, histology and probable functions, a comparative study, together with a discussion on their homology (Rahimullah), 1.

Frog heart, reversal of the effect of acetylcholine, with normal vagus action ; tetanisation of the frog heart ; graded responses in the frog heart ; the effect of electrolyte free-medium (Singh and others), 259.

Gall formation in paddy (Deoras), 38.

Hæmoproteids of Indian birds, two new (Zargar), 124.

Hæmorrhage, subarachnoid, spontaneous, some aspects (Rao), 106.

Isotoma longiflora Presl, an embryological study (Kausik and Subramanyam), 269.

Laccotrephes griseus, Guer, spermatogenesis (Rathnavathy), 41.

Loxogenes, the genus on the present status (Kaw), 342.

Mugil corsula Hamilton, freshwater grey-mullet, observations on the correlation between the surface living habit and the structure of the brain (Bhimachar), 319.

Mung (*Phaseolus radiatus* Linn.), a comparative study of autotetroploid and diploid types (Kumar), 266.

Muscle, unstriated, the effect of ammonium on the potassium content, and its relation to the contraction produced on withdrawal of chemical substances from around the muscle (Gokhale and Singh), 202.

Pentatrichomonas alleni, N. Sp., a new flagellate, from the intestine of the Himalayan crow, *Corvus levaillenti intermedius* Adams (Ray and Sapre), 186.

Polyposis, granulomatous, of the lower ileum, an unusual case (Noronha), 307.

Saprolegniaceæ, family, physiological studies on some members, II (Bhargava), 344.

Trypanosoma evansi, variant, in a buffalo, studies (Mudaliar), 101.
